

# MONBAT RALLY SLIVEN

FIA BALKAN RALLY TROPHY  
BFAS BULGARIAN RALLY CHAMPIONSHIP

27-29 July 2018

## Press release №2

### The weather will be the key factor

The weather will be the key factor in Monbat Rally Sliven 2018. In the days before the start of second round of Bulgarian rally championship the weather conditions was extremally unstable - the sunny hours was followed by heavy, but short rain showers.

And now the weather in Sliven is variable. In spite of the soft and irrigating rain, the sun shines through the clouds and the temperatures are high, helping the asphalt to dry quickly.

To everyone who is aware of the changing nature of the weather in the Balkan Mountain it is clear that Monbat Rally Sliven 2018 will be a real roulette and the choice of tires will be more difficult than ever.

The scrutineering is currently being carried out, and the service park is gradually filling up with teams and competitors.
